Azalea[®] Minor

Designed for small adults
and teenagers

Yes, you can.

The **Rea Azalea Minor** is designed for users that require a seat with a smaller depth and width. Adapted from the **Rea Azalea**, the **Azalea Minor** boasts all the advantages of a reliable, tilt-able wheelchair with its special weight-shifting mechanism. This model is ideal for all users that require a solid, stable wheelchair. Available in five frame colours and with various upholsteries. A tension adjustable backrest is optional.

Rea Azalea compatibility continues

Rea Azalea Minor designed for users that need a smaller-sized seat, such as petite adults or teenagers. Key features of **Azalea Minor** is the 'Tilt in Space' weight-shifting mechanism, to ensure a stable tilt and makes maneuvering easier. The width and depth of the **Azalea Minor** can be adjusted to suit individual user needs.

Tension adjustable backrest

The tension adjustable backrest offers individual shaping with the choice of backrest cushions or lateral cover.

◀ Tension adjustable backrest

Adjustable in height and width.

◀ Table tray

It is transparent and the rail offers gripping opportunities for posture solutions.

◀ Shorter Chair

The chassis is 30 mm shorter, the seat depth is 50 mm shorter and the backrest 100 mm lower than on standard models.
