

Flo-tech[®] Contour

Designed for comfort and
improved posture

Yes, you can.

The surface of the Invacare **Flo-tech Contour** cushion is contoured into sections. Its design supports the user and increases pressure redistribution. The combination of improved posture and increased support surface area will contribute significantly to pressure ulcer prevention. This deep cushion is suitable for heavier users.

Moulded foam cushion

Moulding allows **Flo-tech** cushions to provide a three-dimensional form, which cannot be emulated in cut foam. Moulded foam is highly durable, increasing the product's longevity.

Contoured seating surface

Offers improved stability and postural support; castellations reduce shear and friction forces on tissue.
